County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works
Michelle Matson, Traffic Engineer

VIA: Frank Honeycutt, Transportation Division Manager

DATE: 10/20/2015

SUBJECT: Submittal of a resolution establishing changes to the Traffic Regulation Codes for parking restrictions on Marlborough Lane in the community of Cambria; El Moro Avenue and Palisades Avenue in the community Los Osos; and Galaxy Street, Mirabella Lane and Sebastian Way in the community of Nipomo. Districts 2 and 4.

RECOMMENDATION

It is recommended that the Board adopt the attached resolution amending the County's Traffic Regulation Code sections involving no parking and limited parking zones.

DISCUSSION

The Department of Public Works received requests for parking restrictions or modifications at the following locations:

Marlborough Lane, Cambria - Public Works received a petition from residences on Marlborough Lane north of Wedgewood Street to move the existing no parking zone from the west side of the road to the east side of the road to facilitate driveway circulation. The width of Marlborough Lane does not support parking on both sides. The attached resolution will remove the no parking on the west side of the road and move it to the east side of the road between the intersection of Wedgewood Street and one hundred fifty feet northerly.

El Moro Avenue, Los Osos – Public Works recently surface treated El Moro Avenue east of South Bay Boulevard. Currently there is no parking on the north side of the road and no parking on the south side of the road between El Moro Avenue and the adjacent easterly driveway. To facilitate longer turn lanes for the signalized intersection of El Moro Avenue and South Bay Boulevard, additional parking on the south side east of the driveway needs to be prohibited. In addition, Public Works received a request from Los Osos Middle School Administration to restrict parking on the south side between the two middle school entrances to facilitate bus circulation and direct parents to the designated drop off area. The attached resolution will establish an additional six (6) feet of no parking on the south side and approximately six hundred feet of no stopping between the hours of 7:30 a.m. and 3:30 p.m.

Palisades Avenue, Los Osos – Currently there are no parking restrictions for the northbound approach to the signalized intersection of Palisades Avenue at Los Osos Valley Road. Public Works identified a need to create a no parking zone to facilitate signal operations. The attached resolution will establish a no parking zone from the centerline of Los Osos Valley Road to a point one hundred feet southerly.

Galaxy Street and Sebastian Way, Nipomo - Public Works maintains sewage lift stations at 570 Sebastian Way and 1255 Galaxy Street in Nipomo. Adjacent residential parking currently impedes on the driveway access for maintenance vehicles. The attached resolution will establish no parking zones for eight (8) feet on each side of the access driveway from the top of curb return. At the 1255 Galaxy Street driveway, 25 feet north of the north curb return would be restricted due to the proximity to a fire hydrant.

Mirabella Lane, Nipomo - Public Works received a request to restrict parking on the north side of Mirabella Lane between Halcyon Road and the first residential driveway east of the intersection. There is approximately ten feet between the easterly curb return with Halcyon Road and the adjacent driveway. During school hours, vehicles park in the inadequate parking space blocking driveway access and obstructing intersection sight distance. The attached resolution will establish a no parking zone between the centerline of Halcyon Road to twenty five feet easterly.

Staff recommends your Board adopt the attached resolution to establish parking regulations at these locations.

Adoption of these regulations does not require a public hearing.

OTHER AGENCY INVOLVEMENT/IMPACT

The California Highway Patrol and the Sheriff's Department will enforce these restrictions, once posted. Advisory Councils have been notified of these proposed actions.

FINANCIAL CONSIDERATIONS

Placement of signs is estimated to cost approximately \$1,500. This is within the Road Fund's budgeted amount for this activity.

RESULTS

Adoption of this Resolution will enhance County road safety and operations by establishing no parking and limited parking zones to maintain two-way traffic and circulation, thus improving community livability.
